

Reading Library eBooks on your Apple Mobile Device

What you need:

- Your Library Barcode
- iPhone, iPad or iPod Touch running OS 4.X or higher
- Overdrive Media Console App installed on your device
- Adobe ID (obtainable at adobe.com)

1. Visit the App Store on your Apple Device
2. Search for Overdrive Media Console
3. Download and install the Free App
5. You must register the App. Under Settings, enter your Adobe ID and password.
6. Click Get Books and then Live-brary.com Downloads
7. Select an available eBook (ePub format only) and add it to your cart. Follow the steps to check out.
8. Click the Download button. The book downloads to the Library. The title is shown in the Library. Select the title to read away.

For more information visit:

<http://downloads.live-brary.com>

Click on the Help tab at the top of the page or New Users—Click Here located on the left side bar.

If you have any questions, you can email the Library at longlib@suffolk.lib.ny.us or call us at 924-6400 ext. 250.

Downloading Audiobooks to your iPod

1

Step 1: Go to Live-brary.com

1. Click Free Downloads
2. Click **Required Software** in the left side bar
3. Download the Overdrive Media Console.
(You can also download the console at Checkout)

Step 2: Searching for Audiobooks

Both mp3 and wma files downloaded through Live-brary.com should play on your iPod but the mp3s will transfer much quicker!

2

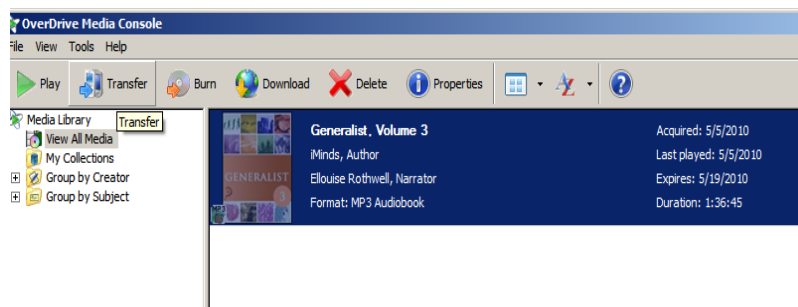

1. Browse or search for an audiobook and click **Add to My Cart**
2. Click on **My Cart** and then **Proceed to Checkout**
3. Select your library and enter your library card number
4. Click on **Check Out** and then Confirm check out
5. When your computer prompts you, select download with **Overdrive Media Console** (not iTunes)

In iTunes ...
Be sure to enable
'Manually manage music'
and
Set your Import Settings to 'Spoken
Podcast' for faster downloading

3

Step 3: Transferring to your iPod

1. Plug in your iPod
2. In the console, highlight the book you wish to transfer and then select the transfer button on the toolbar

3. The **Overdrive Media Console Transfer Wizard** should open. Click **OK** and follow the steps to transfer the item to your iPod
4. After the item is transferred to your iPod, use iTunes if you wish to move or delete the audiobook
